Dear Ladies of the Auxiliary:

Many of you are not aware of the fact that Erica is no longer the Department Secretary. She had an offer drop into her lap that she could not pass up. She is happy with the move and really enjoys what she is doing.

We on the other hands miss her ability to stay on top of what is going on across the state. Kimberly and I ask for your patience during this transition period, we are doing our best to keep up on her tasks and those of the Secretary.

I have returned to fill in as a volunteer to assist with logging in membership data, answer phone messages, and pass information to callers that leave a voice message on the phone line. My time here is limited, not as it has been in the pass: I come in two to three days a week as I have other obligations. I have asked the members of 4th District to assist with helping to keep the office operating. The women of this district are the closest to the Headquarters office. Thank you, to the wonderful women who have stated they are willing to come in and help.

Department President Lora Shanahan has begun the process posting the position at several locations, now it is the waiting game to see who submits an application for the position then the interview process can begin. Keep your prayers coming that this vacancy is short lived.
